

Automatic A4 Laminator

No pouch. No hassle.
Effortless automatic lamination.

GBC Velocity – Perfect lamination, every time.

With a compact desktop design, GBC Velocity fits easily into offices and everyday learning environments. Built for frequent, high-volume use, it delivers fast, effortless lamination. Its unique roll-film system aligns, seals, and trims each sheet automatically. Ideal for A4 documents, with the flexibility to laminate from ID card size to A4-width banners.

GBC Velocity Laminator

- Automatically aligns, laminates and trims documents.
- Laminates documents from ID card to A4 size and longer banners (up to 210mm wide).
- Ready to use in 90 seconds and laminates an A4 sheet (80 mic) in just 36 seconds.
- Compact design fits conveniently on a desktop and fits perfectly in small spaces.
- Simple user-friendly control panel.
- Includes a corner rounder and 80 mic starter film roll (approx. 40 x A4 laminates).
